**SUBMISSION OF CORRECTED SEQUENCE LISTING**

Applicants have discovered errors in the Sequence Listing filed January 29, 2002. A new Corrected Sequence Listing is enclosed, which includes the sequence information as filed with the original U.S. application on April 11, 2001. No new matter enters through this submission.

The corrections are as follows:

SEQ ID No: 16	amino acid position 55 is corrected to read Val
	amino acid position 244 is corrected by inserting a Ile (see page 13 of original English-language Sequence Listing)
SEQ ID No: 21	amino acids 1-58 inserted to beginning of sequence (see page 17 of original English-language Sequence Listing)

In connection with the Sequence Listing submitted herewith, the undersigned hereby states that:

the submission, filed herewith in accordance with 37 C.F.R. § 1.821(g), does not include new matter; and

the content of the attached paper copy and the attached computer readable copy of the Sequence Listing, submitted in accordance with 37 C.F.R. § 1.821(c) and (e), respectively, are the same.

If there are any fees or petitions required with this paper or to enter the Sequence Listing, applicants respectfully petition the Commissioner and the Commissioner is hereby authorized to charge any required fees to Deposit Account No. 50-1129.

Respectfully submitted,
